

Changes

Carefully study a video clip and set of pictures for a job title in Jed. Note the job title in the first column below. Imagine you were starting that job. List ten things that you think you would have to learn during your first week in the job. Then, with a partner, list ten things that you had to learn during your first week in secondary school. Put a tick in the final column for things that are the same or similar.

Jed job title:	In the first week at school you have to learn:	Similar
In the first week I would have to learn:		
1	1	
2	2	
3	3	
4	4	
5	5	
6	6	
7	7	
8	8	
9	9	
10	10	

Discuss with your partner how the change from primary school to secondary school could be made easier.

What skills and abilities do you think make the move into work easier?
